HEMA
PHARMACEUTICALS PVT. LTD.

Unwavering Quality, Unmatched Consistency

OUR JOURNEY

2012
We embark on the production of API intermediates.

2015
With unwavering commitment and expertise, we proudly embark on the production of APIs

2017
Our relentless pursuit of quality and compliance has been rewarded as we proudly receive GMP certification

2020
We're thrilled to announce that our manufacturing standards have been recognized with the WHO-GMP Standard.

2021
Constructed a new GMP Manufacturing block

2022
Production capacity increased to 257 Metric Tonnes

2023
Strengthened R&D and QA capacities for developing and filing DMFs

2024
Written Confirmation received from The Central Drugs Standard Control Organisation

2025
CEP and EU-GMP
(Under process)

CERTIFICATIONS, ACCREDITIONS & About Us

Hema Pharmaceuticals Pvt. Ltd. is a leading manufacturer of active pharmaceutical ingredients (APIs) established in 2012. With over a decade of expertise in the pharmaceutical industry, we are dedicated to delivering high-quality API bulk drugs that meet the stringent standards of the global healthcare market.

Our commitment to excellence and innovation drives us to continuously improve our processes and products, ensuring that we remain at the forefront of the industry. We specialize in producing a wide range of APIs that cater to diverse therapeutic areas, providing essential components for the development of safe and effective medications.

At Hema Pharmaceuticals, quality is our top priority. We adhere to rigorous quality control measures and employ state-of-the-art technology to ensure the purity, potency, and consistency of our products. Our manufacturing facilities are compliant with international regulatory standards, including cGMP (current Good Manufacturing Practice), ensuring that every batch of API we produce is of the highest quality.

Join us on our journey to enhance global health and create a brighter, healthier future.

Leaders in Chiral Chemistry Expertise

At Hema Pharmaceuticals Pvt. Ltd., we pride ourselves on our profound expertise in chiral reaction chemistry through chemical and enzymatic separation. Our dedicated team excels in crafting complex molecules with precision, delivering solutions that surpass industry standards. Whether you require enantiomerically pure compounds or intricate asymmetric synthesis, our commitment to excellence ensures unparalleled quality and reliability
